

## The Leader in Aircraft Sales and Acquisitions

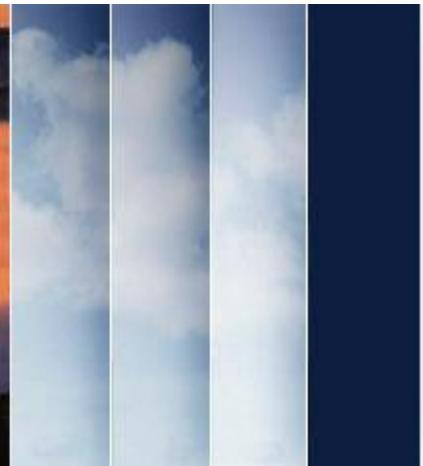

A world leader in aircraft sales and acquisitions, Bell Aviation specializes in buying and selling quality airplanes. Founded in 1990, Bell Aviation's success in exceeding customer expectations has consistently produced a growing customer base.

Today Bell Aviation maintains fully staffed offices located in Dallas, Texas; Grand Junction Airport (GJT) in Grand Junction, Colorado and its home base at the Columbia Metropolitan Airport (CAE) in Columbia, South Carolina.

## Aircraft Acquisitions

With over 1,350 aircraft transactions completed while in business for over 22 years, Bell Aviation's experienced staff has proven its capability to handle all aspects of aircraft sales. With first-hand knowledge of aircraft both in and outside of the market, in-depth knowledge of the aviation industry and years of experience, Bell Aviation is prepared to find the perfect aircraft for you at the best possible price.

Over the years, Bell Aviation has developed a specific and helpful step by step process for aircraft acquisitions. From needs assessment to delivery, the Bell Aviation Acquisition Process covers every aspect of the acquisition while ensuring utmost customer satisfaction. This process is designed to save you the costly time and money you deserve.

# Aircraft Listings

Here you will find detailed information on the aircraft Bell Aviation has currently available. From turbine aircraft to corporate jets, Bell Aviation has a wide variety of aircraft for sale. For more information, contact Bell Aviation.

## Aircraft Listings Services

Bell Aviation guarantees maximum exposure for your aircraft by advertising in all major aircraft trade journals and websites and circulating thousands of direct mail flyers. Bell Aviation employs professional photographers to produce high quality, exterior and interior shots of your aircraft.

Bell Aviation offers safe, secure storage of your aircraft at our facilities at no charge. Qualified demonstration flight crews are available upon request.

Bell Aviation covers all marketing costs associated with selling your aircraft and does not receive compensation until your aircraft is sold.
